

## DE06-12 Power supply 12 V/0.5 A

This switch-mode power supply is designed **for powering a wireless keypad, and also for powering other 12V DC devices** like GSM communicators or UC receivers made by Jablotron.

○ [Declaration of conformity - DE06-12 \(PDF 337.66 kB\)](#)

### Beskrivelse

The compact dimensions of the case allow installation into a standard electro-installation wall box for hidden installation beneath Jablotron wall-box-mounted products such as the above-mentioned items. The screw holes for M3 screws are also useful for installation in typical fuse/switch boxes where fixing is required.

### Tekniske spesifiseringer

<b>Supply voltage</b>	100 ~ 240VAC, class protection II
<b>Output voltage</b>	12V DC ( $\pm 2\%$ )
<b>Output current</b>	500 mA
<b>Peak output current T&lt;5 min</b>	1000 mA
<b>Output power</b>	12W max.
<b>Short-circuit protection and overload protection</b>	yes
<b>Casing</b>	IP64
<b>Dimensions</b>	50 x 48 x 25 mm
<b>Input cables,</b>	length 110 mm (230 V), diameter 1.3 mm (AWG 16)
<b>Operational conditions according to</b>	EN 50131-1 II. Environmental class
<b>Working temperature range</b>	-10°C to +40°C
<b>Complies with</b>	EN 50130-4, EN 55022, EN 60950-1
