

CD-2

CURTAIN DETECTOR

CD–2 is a wired curtain motion detector. **CD–2** is designed for indoor use and can be an element of perimeter protection.

CD–2 is available in three colour options: white (CD–2), brown (CD–2 BR) and dark grey (CD–2 DG).

- motion detection using a passive infrared sensor (PIR)
- adjustable sensitivity of motion detection
- digital algorithm of motion detection
- digital temperature compensation
- lens designed specifically for SATEL short range curtain detectors
- LED for optical signalling
- monitoring of motion detection system and power supply voltage
- tamper protection against opening the enclosure and against tearing the enclosure off the ground
